Church Connections- The Lord brings women and men to our doors that are on the battlefield of life. At Refuge, we consider ourselves to be the triage unit. We can pull them off the battlefield, bind their wounds and begin the healing process. However, we need to get them to the great physician, that is where the church comes in...

We would love to speak with you further about how we may build a partnership whereby we recommend families visit your church and you will have the opportunity to shepherd them to regular church attendance and a relationship with their Lord and Savior.

Conversations and Resources-

The topic of unexpected pregnancy and the choices currently available to women, is highly charged and often a divisive topic. Its is understandable that some churches, schools, and families stay away from discussing the subject. At Refuge, we have many resources available to assist you, if and when your leadership would like to discuss the current situation in our society today. A lot has changed, legally and politically around the subject of unexpected pregnancy, but God's word on the subject has not changed. Our staff is always willing to meet with your church leaders for a conversation or speak to your church congregation as a whole. If that is something you are interested in, please let us know. Simply email our Director at Director@RefugeConyers.org

Grassroots Support- The Refuge Center is 100% grassroots, community supported. We do not accept any government funding, because those funds come with restrictions. These restrictions include not allowing staff members to pray with our clients.

This is just one of the reasons why we rely solely on the Lord's providence. And He has provided for 40 years! Our annual baby bottle campaign is our largest fundraiser. It is budget neutral to our church partners, and is solely voluntary for each individual participating. We would like to ask your church to prayerfully consider joining us for this year's Baby Bottle campaign. To find out more details about the Baby Bottle Campaign visit our web page RefugeConyers.org/BabyBottle
